## DISCLAIMER

The disclaimer that follows is a summary of the applicable full disclaimer (which can be found on [www.trespa.com](http://www.trespa.com)). The information provided by Trespa International B.V. ("Trespa") in this document is solely indicative. Trespa is unable to warrant the accuracy and completeness of this information. No rights can be derived from the information provided; the use of the information is at the other party's risk and responsibility. This document does not guarantee any properties of Trespa's products. Trespa does not warrant that the information in this document is suitable for the purpose for which it is consulted by the other party.

The document does not contain any design, structural calculation, estimate or other warranty or representation that customers and third parties may rely on. Colors used in Trespa's communications (including but not limited to printed matter) and in samples of Trespa's products may differ from the colors of the Trespa's products to be supplied. Trespa's products and samples are produced within the specified color tolerances and the colors (of production batches) may differ, even if the same color is used. The viewing angle also influences the color perception. Customers and third parties must have a professional adviser inform them about (the suitability of) the

Trespa's products for all desired applications and about applicable laws and regulations. Trespa reserves the right to change (the specifications for) its products without prior notice.

To the maximum extent permitted under the applicable law, Trespa is not liable (neither contractual nor non-contractual) for any damage arising from or related to the use of this document, except if and to the extent that such damage is the result of wilful misconduct or gross negligence on the part of Trespa and/or its management. All oral and written statements, offers, quotations, sales, supplies, deliveries and/or agreements and all related activities of Trespa are governed by the

Trespa General Terms and Conditions of Sale (*Algemene verkoopvoorwaarden Trespa International B.V.*). All oral and written statements, offers, quotations, sales, supplies, deliveries and/or agreements and all related work of Trespa North America, Ltd. are governed by the Trespa North America General Terms and Conditions of Sale, which can be found on and downloaded from the Trespa website, [www.trespa.com/documentation](http://www.trespa.com/documentation).

# USING RENEWABLE RESOURCES

ASK FOR  
CERTIFIED PRODUCTS

THE ENTIRE TRESPA® METEON® PRODUCT RANGE IS NOW AVAILABLE WITH PEFC™ OR FSC™ CERTIFICATIONS UPON REQUEST. THESE CERTIFICATIONS ARE ONE OF THE INITIATIVES RESULTING FROM TRESPA'S SUSTAINABILITY POLICY, BY WHICH TRESPA SHOWS ITS COMMITMENT TO THE USE OF RAW MATERIALS FROM SUSTAINABLE ORIGIN AND TO FOREST PRESERVATION.

## 70% WOOD-BASED FIBERS

Wood is a natural renewable resource which takes up CO<sub>2</sub> from the atmosphere around us. Trespa® Meteon® products contain up to 70% of natural fibers, most of which originate from managed forests which are recognized by the Programme for the Endorsement of Forest Certification™ (PEFC™) and the Forestry Stewardship Council™ (FSC™). These organizations encourage, among other eco-benefits, that forests are sustainably managed, taking the ecosystem and biodiversity as well as fair labor conditions into consideration.

## PEFC™ OR FSC™ CERTIFICATIONS AVAILABLE

The entire Trespa® Meteon® product range—in all types, sizes, thicknesses, finishes and colors—is available with PEFC™ or FSC™ certification upon request, in restricted quantities and jurisdictions. Ask Trespa's Customer Service Desk for PEFC™ or FSC™ certified products.

## LONG-LASTING PERFORMANCE

Trespa® Meteon® panels are well-known for their long-lasting performance and reliability. Their closed surface structure practically withstands dirt accumulation, keeping the product smooth and easy to clean. These panels are ideal for prolonged exposure as they retain its appearance for many years. As a result, unnecessary repairing work, time and materials can be minimized.

## SUSTAINABLE PROCUREMENT AND BUILDING GUIDELINES

The use of Trespa® Meteon® PEFC™ or FSC™ certified products helps you to qualify for public projects supported by the European Union's Green Public Procurement as well as to obtain credits for the LEED certification developed by the U.S. Green Building Council. The use of PEFC™ or FSC™ certified Trespa® Meteon® panels also contributes to you and your customers' Corporate Social Responsibility.
